<p>Topic: Treasures</p> <p>This week we are learning about The Creation Story and the treasures God wanted to share with us. Click for this week's learning.</p>	

This week marks three special Catholic celebrations. Click [here](#) to find out more.

- 22nd June -St Thomas More,
- 29th June -St Peter and St Paul

Please look at the [Believe Belong Become](#) section of our website. You can also access the weekly Gospel reflection [here](#).

PSHE

Topic: Keeping Healthy

This week we are thinking about the food we eat and whether our body is getting everything it needs to keep healthy. You can access this week's work [here](#).

Whole School Weekly Task

Create a positive comment box - fill it with positive things about members of your class, community or home and take them out every day to share when you have your meal together.

Theme of the Week: International Week

Watch this [A report on Madrid](#)

On a visit to the Spanish capital City of Madrid, the presenter talks about the interesting things he sees along the way. He talks about the buildings, the food and special dancing traditions that the country has.

Think about a place you have visited or would like to go to. What important information about the country would you like to share with others? What makes this country special? You are going to create a leaflet about a country of your choice. Perhaps you and your family have been there on holiday. You could include photographs or drawings to make your leaflet eye-catching! Research the country to persuade people to go and visit there.

1. Look at a map of the world and choose a country to research.
2. What language do they speak?
3. What sights are there to see?
4. What food do they traditionally eat?
5. What animals live in the country?
6. Draw a picture of the country's flag.

Other Learning Activities for this week

Be active – Try an exciting shake up game inspired by Disney by clicking [here](#):

Be kind – ask if someone in your house needs any help with some jobs around the house.

Take note – Think about the children in your class. Think of one way you are similar and one way you are different. Why is it interesting to be different from others? What would the world be like if we were all the same?

Connect – Write a prayer, letter or poem about children in our world who are less fortunate – can you share this with someone (e.g. read it over the phone to a grandparent)

Learn – Geography Africa:
