

Bella Italia Home Learning!

This term, we will be focussing our learning on Italy. The activities suggested below will last for this half term. Each week you should choose at least one activity to complete - this works out as 6 for this half term. You can choose any activity you like – they do not have to be done in a particular order. Be as creative as you like with your learning.

We look forward to seeing your work. Please do photograph any work completed and upload onto your own TEAMS account for us to view. Remember to let us know when it is there for us to see.

There will still be Maths Abacus/Active Learn activities online each week for you to complete. Weekly spellings will be handed out on a Wednesday and tested the following week. Do remember to read daily and practising your times tables.
